### REMINDER

The Firearms 40 hour course covers ONLY a day and low light shoot. Another day shoot must be done within the calendar year – 90 days later. To remain qualified, firearms qualifications must be done three times per calendar year, with the two day shoots at least 90 days apart. The low light shoot may be combined with one of the day shoots. The 16-hour training and test is required when first applying and renewing your security guard identification card. Training for all other types of weapons shall be completed as required.

**For Instructors Only:** To become an approved instructor, please review the information at each link below:
